

## **Incident Report Explanation and Instructions**

The Incident Report (IR) layout is intended to maximize the immediate information gathering and reporting at the time of an incident.

An explanation of the overall use; **DO NOT PROVIDE** this entire document to the patron or his representative. The only thing that will be provided, upon request, is the first page.

This page has general information and may include the patron's statement. As this would be provided at the time of the incident, it would be expected that the "Club/Venue Information" and the "Contact Information for Person Filing Report" would not be completed, certainly not in full, at the time of the patron's request. If you utilize this page for the Patron to write a statement, have him/her sign and date it. If possible, you may also wish to obtain a copy of the patron's driver's license.

The "Witness Statement Page" is intended to be used for statements; therefore it needs to be preprinted and available for staff use at the time of an incident. Anticipating that it may not be transmitted at the same time as the IR, it has "tag" information at the top to allow matching up with a previously submitted IR. That tag information is: "Insured Name," "DOI" (Date of Incident) and "Patrons Name." "Patrons Name" is the name of the patron from the first page, the name of the injured patron, the name of the patron with the potential complaint. This is not the name of the "Witness" (unless you are using this to obtain a statement from the injured/complaining patron).

Please do not make other changes to the form. The email address for transmission is claims@fortisrisk.com. If there is an Agent or Broker on file, *you* should provide him or her a copy of the IR. **NOTE: Use of Contracted or Third Party Security does not alleviate the necessity of reporting Incidents.** 

You must coordinate with the contractor to assure that he or she is are communicating to you all Incidents and that these in turn are forwarded to us. **Incident reporting remains the Insured's responsibility.** 

The expectation is that under the following circumstances an IR will be completed and forwarded: any instance of medical/first aid treatment, any law enforcement involvement, any ejection, any slip and fall, any altercation, anyone found unconscious, and any other time you may feel an incident occurs which may result in action against you.

If in doubt, please fill in and report.

## **Incident Report**

\*Must complete a separate report for each incident.
